

## Product Specs

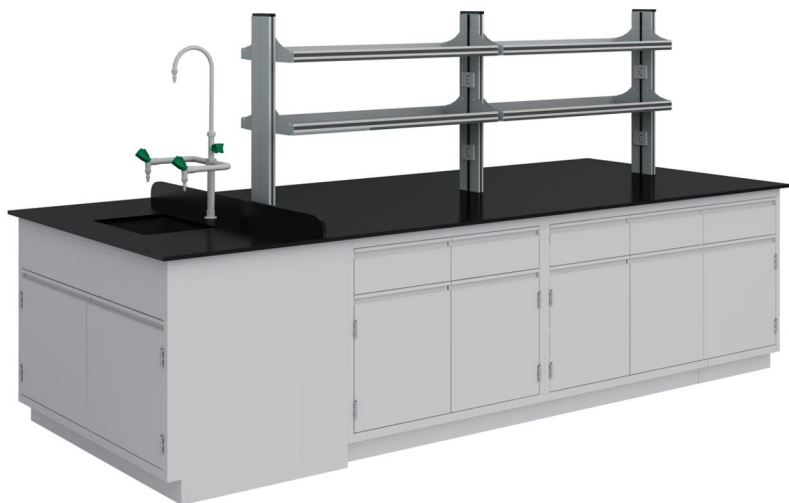

Version No. DF/AM/LAB1810

### 1. Lab Furniture(DF/LAB/FURN )

#### 1.2 Central Island Lab Bench(ZYT)

##### 1.2.1 Lab Bench With Falling Floor Supporting Cabinet(LD)

##### 1.2.1.B All Steel Lab Bench With Falling Floor Supporting Cabinet(QG)

Item #	DF/LAB/FURN. 1810-LDQG1201B4	Executive Code	Lab Furniture:GB/T 24820-2009
Dimension Specs	3600-6000*1500*800mm	Benchtop Material	20mm Ceramic Board/12.7mm Solid Physiochemical board
Intended Use	School Lab/ Science Research, Test & Analysis Lab	Color Available	Grey/Black/Light Blue/Sky Blue/Light Green Bean

#### Product Description for Details

1. **Structure Material:** ≥1.0mm Cold Rolled Steel Plate
2. **Bench Top:**  
12.7MM Solid physiochemical board, 25.4mm Raised curved edge;  
Acid/Alkine resistance, Solvent resisting and corssion resistant;  
Heavy duty bearing over 300KG/Linear Meter
3. **Under Bench Supporting Cabinet:** Straight Falling Floor Cabinet  
1.00mm thickness high grade cold rolled steel structure  
All facial panels are embedded insert to avoid risk of hooking up work uniform.  
Steel plate jointing parts are in process of full welding, all welding places are grinded in smoothness.  
All Surfaces are parkerised by acid, degreased and electro-sprayed with epoxy resin powder at an average level over 0.70mm thickness with high-tempered treatment
4. **Sliding Rail for Drawer:** Three section; Self-Closing, Soundless side rails; Push/pull over 5 million times; Load bearing more than 30KG.
5. **Door Hinges:** Stainless steel hinge, Max open angle at 180 degree, Open/close over 10 million times.
6. **Voice Absorbing Material:** Foam material inserted in Facial Boards of Door & Drawer to lower the noise in opening and closing doors and drawers.
7. **Handles:** integrated handle,  
Optional: Alloy profile handle
8. **Joint Connector:** ABS Special Designed connector.
9. **Table Mat:** ABS special designed.
11. **Water Sink Cabinet:** PP sink, 3 outlets water faucet, Acid/Alkine resistance, Solvent resisting and corssion resistance.
12. **Anti-impact Mat:** Rubber material, installed on back sides of facial boards of drawers and doors.
13. **Optional:**
  - 1) Bench Top Board: 16mm Epoxy Resin & Melamine & HPL compact laminate board available, or to customer's requirement.
  - 2) Electrical Power Outlet Sockets, Gas Tap
  - 3) Reagent Rack with Service column, single layers, two layers; Dry Rack/Pegboard
  - 4) Media & Benchtop mounted Fume Extractor & Emergency Eye Washer etc.
  - 5) Stainless Sink, Epoxy Resin sink
  - 6) Dimension & Color can be customized to meet different requirements.
  - 7) OEM & ODM services are available
