Specification

Lock material	Zinc-alloy
Unlock modes	Fingerprint, Password, Password + Fingerprint, Mechanical key, Card, Mobile Phone
Speaker and display	LCD with voice prompt
Keypad	Finger touch
Fingerprint sensor	Semi-conductor
Fingerprint pixel	500DPI
Fingerprint capacity	100 templates
Password capacity	30 groups
Card capacity	120 pieces
Transaction capacity	No limit
Verification mode	1:N
Enrolling speed	<0.5S
Verification speed	<0.8S
FAR	<0.0001%
FRR	<0.1%
Power supply voltage	4.5-6V DC
LED alarming	<4.5V
Current consumption	Peak current <200mA
Quiescent current	<40mA
Power supply	Backup Li-battery
Working temperature	-20 to 70°C
Operating humidity	20-90%
Applicable door size	40-150mm (thickness)
Lock size	380*85*32mm
Weight	6.5kg
